Dhaka, Bangladesh - 1212

CAREER OBJECTIVE

Full Stack Software Developer with 1.5 years of professional experience and strong skills in software development, data analysis, cybersecurity, competitive programming, and problem-solving. Seeking a challenging software development role where I can contribute technical expertise, analytical thinking, and security-conscious development practices to build high-quality, reliable, and user-focused applications.

PROFESSIONAL EXPERIENCE

Data Analyst | October 2025 – Present

Strategy and Policy Forum | NAM Village 2A, Road-1, I Block, Banani, Dhaka-1213

- Analyze field-level data related to the **13th National Parliamentary Election** to support research, strategy, and policy development.
- Work with election-related complex datasets to identify trends, patterns, and actionable insights for strategic decision-making.
- Prepare analytical reports, summaries, and data-driven findings for internal stakeholders.
- Collaborate with team members and survey team to transform collected field data into meaningful insights for policy and strategic planning.

Virtual Assistant (Remote) | February 2025 - September 2025

Wetline LLC. | Austin, Texas, USA.

- Managed calendar scheduling, appointment setting, and calendar coordination using Google Workspace to support smooth daily operations.
- Performed accurate data entry, digital filing, and record management to maintain organized and up-to-date business documents.
- Proofread documents, emails, and records to ensure accuracy, clarity, and professional formatting.
- Supported front desk operations by handling administrative tasks, coordinating communication, and assisting with routine office support activities.

Software Engineer Trainee | July 2024 - December 2024

Business Automation Ltd. | BDBL Bhaban, 12 Kawran Bazar, Dhaka 1215

- Completed a 3-month **Software Development (PHP - Laravel) Internship Program**, gaining hands-on experience in backend web development, testing, and maintaining web application features using PHP, Laravel, MySQL, HTML, CSS, JavaScript, and related technologies.
- Collaborated with senior developers to understand project requirements, debug issues, write clean code, and follow professional software development practices.
- After completing internship I join **Business Automation Ltd.** as a **Software Engineer Trainee**.

EDUCATION

Bachelor of Computer Science and Engineering

Patuakhali Science and Technology University | Graduated: 2024

Higher Secondary Certificate

Govt. Science College, Tejgaon, Dhaka - 1215 | 2014-2016

- GPA - 5.0; Dhaka Board; Science Group.

Secondary School Certificate

Idilpur Pilot High School, Gosairhat, Shariatpur | 2009-2014

- GPA - 5.0; Dhaka Board; Science Group.

SKILLS

Software Development (78%)

- **Frontend** - HTML, CSS, Javascript, React. | **70%**
- **Backend** - PHP (Laravel), Python (Django). | **82%**
- **Database** - SQL, MySQL, MongoDB | **85%**
- **Devops** - CI/CD, Jenkins, Docker, AWS, Ansible, Teraform, Datalog. | **75%**
- **Quality Assurance** - Manual Testing, Automated Testing, Selenium, Cypress, Postman. | **80%**

Cybersecurity (82%)

- **Information Gathering** - Footprinting, Reconnaissance, WHOIS lookup, DNS Enumeration, Network Mapping, Google Dorking. | **85%**
- **Vulnerability Scanning** - Port Scanning, Web application scanning, Network Scanning, CVE Identification, Risk Assessment. | **80%**
- **Web Penetration** - XSS, SQL Injection, MIMA, Brute-force, Payload & Shell Attack, Session Vulnerability. | **75%**
- **Digital Forensic** - Log Analysis, Metadata Extraction, Memory Forensics, File System Analysis, Data Recovery, File Tracking. | **85%**
- **Tools** - Kali Linux, Shodan, Nmap, OSINT, Burp Suite, Wireshark, Metasploit, OpenVAS. | **85%**

Data Science, AL & ML (75%)

- **Data Analysis** - Data collection, Cleaning, Processing, Analysis. | **80%**
- **Artificial Intelligence** - Supervised Learning, NLP, Computer Vision, Generative AI. | **70%**
- **Machine Learning** - Model Evaluation, Building, Training, Neural Networks. | **65%**
- **Tools** - Python, Pandas, Numpy, Scikit-learn, TensorFlow, PyTorch, Notebook, Google Colab. | **85%**

Algorithm and Data Structure (75%)

- **Basic Programming** - C, C++, Python, Javascript. | **85%**
- **Object Oriented Programming** - Python, Java, PHP. | **70%**
- **Data Structure** - Array, String, Stacks, Queues, Tree, Graphs, BST, List, Dictionary. | **75%**
- **Algorithm** - Sorting, Searching, Recursion, Greedy, Graph Algorithm, Dynamic Programming. | **70%**

COMPETITIVE PROGRAMMING

Programming Contest

- **ACM ICPC Dhaka Regional Onsite Contest 2019**
Position - 94th; **Team Name**: PSTU IGNITES;
- **ACM ICPC Dhaka Regional Preliminary Contest, Year – 2018, 2019, 2022, 2023**
Position - 94th; **Team Name**: PSTU IGNITES;
- **2nd UGV South Zone Programming Contest-2023**
Position - 5th; **Team Name**: PSTU_GLADIATORS
- **BUP Techsurgence - Inter University Programming Contest 2019**
Position - 43th; **Team Name**: PSTU_IGNITES
- **SUST Inter University Programming Contest 2019**
Position - 68th; **Team Name**: PSTU_IGNITES
- **4th PSTU Independence Day IT Carnival 2019**
Position - 6th; **Team Name**: PSTU IGNITES; **Contest Standing** : [Leaderboard](#)
- **PSTU Intra University Programming Contest 2019 Season 1**
Position - 5th; **Team Name**: PSTU IGNITES; **Contest Standing** : [Leaderboard](#)
- **3rd PSTU IT Carnival Programming Contest 2018**
Position - 7th; **Team Name**: PSTU EXIT_SUCCESS; **Contest Standing** : [Leaderboard](#)

Problem Solving Statistics

- **Codeforces** : Total Solve - 534; Contest - 47; Max Rating - 1367; **Profile** - [Tanvir PSTU15](#)
- **Leetcode** : Total Solve - 119; Contest - 21; Point - 1465; Badges - 2; **Profile** - [TAN VIR](#)
- **Hacker Rank** : Total Solve - 80; Contest - 14; **Profile** - [TAN-VIR-020](#)
- **Beecrowd** : Total Solve - 96; World Ranking - 82697; Points - 160; **Profile** - [Tanvir-7](#)

ACHIEVEMENT & CERTIFICATION

- **Software Development (PHP - Laravel) Internship Program**
Organizer: Business Automation Ltd.
Duration - 3 month (July 2024 - September 2024); [Certificate](#)
- **Digital Skills Training for Students Program-2024**
Organizer : EDGE, ICT Division, Bangladesh Computer Council (BCC)
Duration - 200 Hours; Event Time - January 2024 - May 2024; [Certificate](#)
- **Skill Development for Mobile Game & Application on Android & iOS Training**
Organizer : ICT Division, PSTU **Duration** - 200 Hours; **Event Time** - 2019; [Certificate](#)
- **Student to Startup - Idea Shearing Competition**
Organizer : iDEA, a2i, Startup Bangladesh Ltd. **Event Time** - April 2023;
- **Digital Security and Essential Course and Training**
Organizer : a2i, Digital Security Agency of Bangladesh; **Event Time** - 2022; [Certificate](#)
- **Junior Division Chess Championship 2014**
Organizer : Bangladesh Chess Federation; **Position** - 7th in Dhaka Division
- **Creative Talent Hunt Competition 2013**
Organizer : Board of Intermediate and Secondary Education, Dhaka;
Position - 2nd in Shariatpur District.

PROJECT

- **13th National Parliamentary Election Result Management System**

This system is created for managing 300 Seat result of 13th National Parliamentary Election. This system stores center wise result of 300 constitutional area of Bangladesh.

Category : Web Application; **Project Tech Tag :** HTML, CSS, Javascript, PHP, MySQL; [Github Link](#)

- **Simple Bangla Blog Website**

I create a blog website in Bangla. Sign UP, SignIN, create posts, create categories, update post, delete post, comment, react, subscribe, profile, payment system and many more features are included in this project.

Category : Web Application; **Project Tech Tag :** HTML, CSS, Javascript, PHP, MySQL; [Github Link](#)

- **Download Manager Software and Browser Extension Using Python & JS**

I develop a download manager software and a browser extension using Python and JavaScript. High speed and reliability are the key features of this software. Mainly focus on Youtube, Facebook and others social platform.

Category : Apps and Browser Extension; **Project Tech Tag :** Python, Javascript, API; [Github Link](#)

- **Age and Gender Detecting Application**

This application is a Python-based project that uses computer vision and machine learning libraries to detect a person's age and gender from images or video input. The application processes facial features, analyzes visual patterns, and provides accurate predictions.

Category : Desktop App; **Project Tech Tag :** Python (Pandas, OpenCV), AI; [Github Link](#)

CO-CURRICULUM ACTIVITIES

- **The Dily Amar Desh**

University Correspondent (Dec 2024 - Oct 2025)

- **PSTU Chess Club**

President (2024 - 2025)

- **PSTU Career Club**

Deputy Director (2023 - 2024)

- **Greater Faridpur Students Welfare Association, PSTU**

Vice President (2023 - 2024)

- **PSTU CSE Club**

joint secretary (2022 - 20224)
